400,000,000 NEW STAMPS

Government Printing Presses Speeding To Turn Them Out.

Washington.—Government printing presses are speeding to turn out 400,000,000 internal revenue stamps required by the new war tax. In the meantime, dealers and manufacturers in tobacco and others required to pay the special taxes will have all of November to obtain the necessary stamps, although the law became effective Monday. The internal revenue bureau already has received small quantities of stamps and soon will be in position to care for the demands from collectors. Where stamps are not ready in sufficient quantities a provision in the law meets the situation and the tax will be paid later.

BUY EGGS FROM TROOPS.

Chicago, Nov. 3.—Buyers for English merchants have made arrangements through banks for the purchase of all available storage eggs in Chicago. Six hundred thousand eggs made up the first shipment today consigned to London dealers.

MONKEY WRENCH?

When Jesse E. Wrench, a professor at the University of Missouri, advocates government control and ultimate ownership to reduce the high cost of baseball, he does so, perhaps, on the theory that the game is a Public Utility.

"A PAIR OF SIXES"

The long and anxiously awaited appearance of H. H. Frazee's international comedy hit, "A Pair of Sixes," will occur Monday night, November 9, at the Washington Theatre. It comes to Maysville direct from its run of a year at the Longacre Theatre, New York City, where it enjoyed a season of popularity seldom accorded to a farce. Mr. Edward Peple, the author, has evolved in "A Pair of Sixes" a clean-cut comedy that is full of vim and satire and works out to a logical conclusion that is surprising as it is satisfying, the farce being especially clever in that, for once in comedy annals, the action of the plot is cumulative and each act closes with a rousing climax that leaves the audience gasping in its seat with laughter. H. H. Frazee is well known as a New York manager who insists upon a perfect cast for every company he sends upon the road and "A Pair of Sixes" is no exception to this rule containing in the cast, as it does, such well known names as Bertha Kreighoff, Martha Oatman, Rita Carlyle, John L. Kearney, Caroline Leonard, Kendall Weston, Stanley G. Wood, all of whom played their respective characters during the New York run at the Longacre.

THE VALUE OF A QUAIL

An Analysis Gives Actual Contents In The Stomach of a Single Bird.

Five hundred and sixty-eight mosquitoes, one hundred and nine potato beetles, two thousand and three hundred and twenty-six plant lice, one hundred and thirty-nine grass hoppers, twelve squash bugs, twelve cut worms, twelve army worms and eight white bugs—all these, says the State Game Warden of Tennessee, have been found in the stomach of a common quail.

"What would that bird and its mate have been worth to you?" he asks, "if they had reared their little brood on your farm?"

The interesting and appalling menu shows that the birds protect not only crops and orchard, but also the health of men and animals. Many of the insects they destroy are carriers of diseases. A bull bat, we are told, will devour a thousand mosquitoes in one twilight; given due safety and encouragement, a family of bull bats should suffice to free any neighborhood of mosquitoes and prevent many cases of illness as well as incalculable discomfort.

Commenting upon the Tennessee game warden's statement, the Courier-Journal well observes that too many farmers look upon birds "either with indifference or with enmity." A bird which now and then grabs a grain of corn or wheat, a berry or a cherry is regarded as a chronic marauder, whereas he pays in service many times over for all that he gets. In fact, he is a reliable every-day farm hand working seven days in the week, rain or shine, and takes no half-holidays. The birds are busy with the break of dawn, and sometimes they work far into the night. They deserve protection for the good they do. There are thousands of farmers who need to look at the bird question from a new viewpoint.

In most Southern States the last few years have witnessed a popular awakening to the value of insect destroying birds and the importance of protecting them. The means to this end that are already in force should be upheld and encouraged by everyone, particularly by the farmers, who are so closely indebted to birds.

BUYING OF TURKEYS HAS BEGUN.

Mr. J. H. Stewart, local manager of the Brent Bros. turkey pens, announces to the Advocate yesterday that buyers were out in the country this week purchasing fowls and were paying ten cents a pound. While a large crop is reported, yet it is claimed that the fowls are very small.—Carlisle Advocate.

You Make Friends By Recommending a Reliable Kidney Medicine

Your representative called at my door yesterday meaning to leave a sample of your noted Swamp-Root and I am certainly pleased to see anybody connected with the firm who makes a medicine which has done so much for me and my family. A few years ago I was suffering from a terrible pain in my back and when I was up around the house I had to walk with my body bent nearly double. If you had placed a thousand dollars above my head I could not straighten up to get it.

Hearing of Dr. Kilmer's Swamp-Root I sent to you for a sample bottle and from the effects of that small amount I was sure it would help me so I bought one bottle and it has cured me.

Shortly after that my husband who was a coal miner, was suffering from kidney trouble and could not work and I sent for some of Dr. Kilmer's Swamp-Root. He was in a terrible condition, but as the doctors had not given me any relief, I had more faith in Swamp-Root and it was well founded, for it did the work and after taking a few bottles he was completely cured.

I daily recommend the use of Swamp-Root to my friends and neighbors.

Sincerely yours,
MRS. JOHN NORDQUIST,
Galeton, Penna.

Sworn and subscribed to before me this 14th day of May, 1912.

WALK-AWAY

In 1916 Expected By Republicans As Result of Democratic Crash

POLITICAL FERRETS DIGGING UP LEADER

(Cincinnati Enquirer.)
Washington, Nov. 4.—On top of the Republican landslide, exceeding even the most optimistic predictions of the party leaders, political talk among leaders here tonight consists largely of speculation of the Republican nominee for President in 1916.

The Republicans believe that yesterday's showing against the Wilson Democrats gives them (the Republicans) the White House two years hence, and that it remains only for them to decide who will be the man to occupy it.

These are the possibilities mentioned tonight:

Charles S. Whitman, Governor-elect of New York.

Martin B. Brumbaugh, Governor-elect of Pennsylvania.

Myron T. Herrick, of Ohio, former Ambassador to France.

James R. Mann, of Chicago, Republican leader of the House of Representatives.

William E. Borah, United States Senator from Idaho.

Charles E. Hughes, Associate Justice of the Supreme Court.

Three Are Out of Running.

The trend of political opinion here appears to be that Senator LaFollette, of Wisconsin, and Senator Cummins, of Iowa, as well as former Governor Hadley, of Missouri, are out of the running.

The Republicans—and, for that matter, the Democrats, too—believe that Roosevelt is completely in eclipse, and does not need to be considered as a factor in the 1916 race.

The leaders calculate that the poor showing of Roosevelt's party means that it is practically dead, and that the former President will not be able to "come back." As to Roosevelt being able to seize the nomination of the Republican party, they point to the tremendous hearing of his candidates everywhere by the Republican adversaries as showing that the Republicans have no need further to fear his ever again getting an ascendancy over the U. S. P.

The overwhelming victory scored by Whitman in New York has caused the Republican wisecracks here to do something. It is regarded that he has an excellent opportunity to bring himself before the National public eye. Mr. Whitman already has something of a country-wide reputation, and with a Republican Senator to help him it is figured he can build up a strong machine for 1916.

MOONLIGHT SCHOOL AT PLEASANT HILL CLOSSES WITH SUCCESS.

The very successful term of Moonlight School at Pleasant Hill School House, closed on Thursday evening with an enthusiastic meeting. The several illiterates who had for the first time in life enjoyed the privilege of learning to "read and write," were overjoyed and begged for a continuation of the "Night School."

At the close of the session a Pie Social and a candy sale was given. A most enjoyable and profitable evening was spent. Many thanks were given the teacher, the trustee, and the other patrons who so ably contributed to the school's excellent success.

VIRGINIA GIRL GAINED 15 POUNDS

Was So Weak and Thin, Thought She Was Going Into Decline. Tells How Vinol Helped Her.

Norfolk, Va.—"My health was very poor. I suffered from nervousness, had no appetite and was so thin, I thought I was going into a decline, and nothing I took seemed to help me until one day a friend came into my office and told me if I would take Vinol it would do me lots of good.

"I have now taken six bottles and have gained fifteen pounds; have a good appetite and can eat anything. It is wonderful what Vinol has done for me in building up my health. My own friends hardly know me and when anyone comes into my office the first thing I begin to talk about is Vinol."—MATTIE DENNING, Norfolk, Va.

The testimonial letters which we are continually publishing prove the value of Vinol, our delicious cod liver and iron tonic, and what it did for Miss Denning it will do for any thin, tired, nervous, run-down, worn-out man or woman.

If we can induce you to try a bottle of Vinol as a body-builder and strength-giver, and you do not find it is all we claim, we will return your money on demand.

RURAL TAX PAYERS PREFER COMING TO TOWN.

(Carlisle Advocate.)

Sheriff W. T. Parker and his deputy, James W. Myers, advertised to be at various sections of the county for the purpose of collecting taxes as prescribed by law, but from reports of their week's work it appears that the farmer prefers coming to town and paying his taxes. During the four days in which they were out Mr. Parker states that they only collected \$100 of the \$65,000 tax money for the county.

In years gone by Sheriffs visited each Magisterial district in the county, or rather made a house to house canvass, and collected taxes, but this custom has faded away.

This plan of collecting taxes was tried by the late C. T. Donnell during the first year he held the office of Sheriff, and he met with the same experience as did Mr. Parker the past week, therefore he never tried it again.
